

RENTAL TERMS & CONDITIONS

ROLL-OFF RENTAL SERVICE

Orange Power Outdoors - Effective [September 11, 2026]

1. **Rental Period.** The base rental period is three (3) or ten (10) days for 20-yard containers, per the rate selected, and fourteen (14) days for 30-yard containers, in each case measured from delivery. Additional days are billed automatically to the card on file at \$25 per day (20-yard 3-day rate) or \$15 per day (10-day rate and 30-yard). From day 31, Company may require a swap-out or final pickup; extended terms are available for contractor accounts.
2. **Weight Allowance and Overage.** Each 20-yard rental includes two (2) tons of disposal; each 30-yard rental includes three (3) tons. Weight above the allowance is billed at \$85 per ton (20-yard) or \$75 per ton (30-yard), prorated to actual weight shown on the disposal facility's scale ticket. A copy of the scale ticket is provided with every overage charge.
3. **Maximum Weight and Heavy Debris.** Loads may not exceed five (5) tons per container. Shingles are permitted only in 20-yard containers and only to the marked fill line; the 30-yard container is limited to light, bulky material. Dirt, concrete, brick, rock and similar dense material are not permitted in any container. Company may refuse to transport any load it judges unsafe or unlawful to haul; off-loading required to make a container legal is performed at Customer's expense.
4. **Level-Full Rule.** Material may not extend above the container rim. If a container cannot be safely hauled, or access is blocked at the scheduled pickup, a \$75 dry-run fee applies and pickup is rescheduled.
5. **Placement and Property.** Customer designates the placement location and warrants the surface can bear the equipment. Company exercises reasonable care and will place protective boards on request, but is not responsible for damage to driveways, lawns or other surfaces resulting from ordinary delivery and pickup. Customer must keep the approach and overhead clearance free of vehicles, low wires and obstructions.
6. **Service Area.** Service is provided within Stillwater, Perkins, Glencoe and Ripley, Oklahoma. Company may decline, or quote separately, any address outside this area.
7. **Prohibited Materials.** Tires, paints, liquids, batteries, refrigerant-bearing appliances, oils, fuels, chemicals, asbestos and hazardous waste are prohibited. Prohibited items found in a load are subject to a \$50–\$75 handling fee per item, plus any disposal-facility charge or fine, and may be returned to Customer at Customer's expense.
8. **Payment.** The base rental fee is due at booking with a valid card kept on file. Extra days, weight overages and other fees under these terms are charged to the card on file within 24 hours of final pickup, with an itemized receipt.
9. **Cancellation.** Cancellation is free with at least 24 hours' notice, \$50 with less than 24 hours' notice, and \$75 once the truck is en route.
10. **Container Care.** No fires in or near the container. No painting, welding or modification of the container, and no moving it once placed. Damage beyond normal wear is billed at the cost of repair.
11. **Service Delays.** Severe weather, road conditions or disposal-facility closures may shift a delivery or pickup day. Company will notify Customer promptly and reschedule at no charge.
12. **Responsibility for Contents.** Customer is responsible for everything placed in the container, including material added by third parties, and for keeping the area around the container safe. Company is not liable for indirect or consequential damages.
13. **Governing Law.** These terms are governed by the laws of the State of Oklahoma; venue for any dispute is Payne County.
